

Prepline Aluminum Swinging Service Traffic Door with 9" x 14" Window

FEATURES

- Built-in 9" x 14" window
- .063" anodized aluminum construction
- Lightweight and easy to open
- Top and bottom mounting kits included
- Increase efficiency in high-volume establishments
- Reversible (left/right opening for single door)
- Reinforced back spine
- Easy to Install

Prepline range of swinging doors minimize kitchen noises and prevent guests from viewing the controlled chaos in your back of the house. These can be opened from whichever side, which means traffic won't get backed up. Your servers will be able to easily pass through the swing restaurant doors hands free while holding the main course on a tray.

USR Brands is a US supplier of premium quality commercial cooking, refrigeration and food preparation equipment. Our aim is simple. Produce industry-leading commercial restaurant equipment at reasonable prices, and back it all up with an easy to understand, no nonsense warranty that people can count on.
